

Love & Life

Whoever said it's better to have Loved and Lost.
Then never Loved at all. Has never been in Love.

And needs to be shot. But now I really understand
why people say Love is pain. But what is Love
any ways? I really dont think I know any more.
I think one can only be hurt so many times before
they truly forget what Love is. And I think I'm
at that point. Because it feels like my heart has
been cut out slowly.

But what I really dont understand is why its so
hard to find some one to settle down with and be
happy. And that what Life is about? Just that brief
happiness for the little time you're here?

But hey what do I know right I dont have happiness,
Love or anyone to write.

So I sit here and ask my self what is Love and Life
Any ways.

But if theres any one out there that would like to write
some one lonely and broken I would like to hear from
you. Gay, Transgender, Transsexual

Queens, and Straight women. I'm

single Straight and just Looking

for some one to write.
