

* Axel ~~and~~ Happy New Year!! 12/20/11

Hi Lady! how are ya i PMPD? well Chyna is behind me and we have to get her back going. we got to somehow get her ad posted on the website. Bad news girl... she has stopped getting mail all together! she's all alone right now. Poor thing, it breaks my heart to know she's like this. any ideas sis? i was thinking of maybe getting her back on that website i was on, that would be a good thing for her. she's kinda depressed, so im trying to do everything i can to help out. know what i mean dear. is there anyway you could v w/ BTB, and see whats up w/ Chyna's blog? she wrote a long time ago to get started, but never heard back. she really wants to blog. But if you can find out, that would help alot and if you want, maybe we can figure out a way to get her back online. any ideas let me know. we got to do something for our baby-girl. she helped me get started, and if it wasn't for her being such a sweet lady i would've never met my special man!!

Chyna sends her love to everyone, as well as i do. i think of you i PMPD often. and smile every time cuz i have such a great sister out there. i wish we'd all stick together like we do. one day i believe we will see even stronger unity & solidarity among us all. and i will definitely be doing my part to see that happen one day. so until next time,

p.s. Peace, love, hugs, & sweet kisses and.. "nuthin but Girl Power world-wide" yah!!!!

Can you make me 4 or 5 copies of the drawing im posting please!! I hope you like it. maybe send it a copy??

Hi to all my friends & fans worldwide, its me again Precious, sending warm hugs & sweet kisses to everyone as well as bring you up 2 date on a life w/ precious!! first off I love you all, all my brothes/sisters worldwide, its thru unity, love, support that we all achieve things in life, and I see even more done to an advantage soon throughout years to come. So let all smile and keep the solidarity/unity strong.

N.e. unity as for me, I'm very happy to say I have found a special someone, he accepts me for me, loves me so much, he is like a dream come true to me, I feel so whole, so complete w/ him in my life. as for that I'm posting a lil poem/song I dedicated to him. So when he sees it he will smile... So smile "daddy", I love ya!!

And to all else out there, feel free to come my way w/ any ideas, plans to better our people. you'll know I'm very dedicated to my GLBTQ family in any way possible. I'm hoping to start my own support group in near future. class will be (hopefully) in feb. 2012 starting my college courses (academics), I think 9 courses total. so looking forward to that. o.k sister/brothes.
