

"A BLEEDING HEART"

The girl that I love is with another  
What is the attraction  
Love, loneliness or just plain madness  
What appears on the outside  
Does not reflect what is going on-  
On the inside

Theres this need to hold her hand  
And gently kiss her  
She knows that I love her  
And will be there when shes ready  
If given that chance  
I know she'll come looking for-  
Asecond kiss
