Notice of Alleged Safety or Health Hazards**

Submit this form to your shop Superintendent		Date:	9-11-11
Institution	MCSP		
Factory	Coffee Roasting	Work Area	Packing/Shipping
HAZARD DESCRIPTION	Describe briefly the hazard(s) that you believe exist. Include the approximate number of employees exposed to or threatened by each hazard. Specify the particular building or worksite where the alleged hazard exists.		
<p>The hazard that exists is unsecured railings that are placed near / in around the locker area. This hazard affects every employee both inmate and staff; even moreso, any visitors because they may simply place a hand on the rail and lean on it, then fall down full force with several 30 & 75 pound boxes falling on them, as they are in the area. The railing are very unsafe and a few times already, people have leaned on them, almost falling. THE RAILINGS SHOULD BE SECURED OR BOLTED DOWN ONTO THE GROUND AS THEY ARE NOT FASTENED IN ANY WAY, SHAPE OR FORM. Upon hire, some new workers were told 'not' to complain, as he needs workers to 'work' with him. This is unsafe and coercive tactic my Supervisor Mickelson, it violates Whistle-</p>			
Has this condition been brought to the attention of your Blower supervisor? If so, who?		Mickleson

HAZARD DESCRIPTION	Describe briefly the hazard(s) that you believe exist. Include the approximate number of employees exposed to or threatened by each hazard. Specify the particular building or worksite where the alleged hazard exists. <i>HE CAN'T GIVE ORDERS affecting safety!</i>		
The HAZARD in existence is when an inmate is given <u>no personal protective equipment</u> (PPE) and simultaneously 'ordered' to clean up chemicals that ARE KNOWN TO CONTAIN CANCER CAUSING AGENTS and/or ARE TOXIC. I was ordered by Supervisor Mickelson to 'clean-up' <u>Marsh Printer Ink</u> , when I told him I was waiting to get mop, after restroom opens, he threw a fit, then 'excused' me for the day. It was a well known fact that COFFEE ROASTING is/was working without benefit of gloves, since last FRIDAY(9-9-2011) when we, the shop inmate workers mentioned it at the/a safety meeting. His/Mickelson's 'order' stems from the fact of a previous hazard form submitted by appellant; which is why no one else submits safety forms; even though inmate Jones fell (9/12) from rail (sub. of prior form (9-11-11) 10:20 AM video of fall "INSTANT AREA")			
Has this condition been brought to the attention of your supervisor? If so, who? Mickelson (at last safety meeting (no gloves))

On October 3rd, 2011 the position for Green Bean Lead was offered to and accepted by W. Souza. Mr. Souza has many years of good experience in green bean. I conversed with him on his return to coffee roasting that I would consider him first for the position once he had proved himself an above average employee in whatever position he was put in. He met and achieved that challenge and therefore I reinstated him to his former position. You and I informally discussed this job and I informed you who was assigned to it, it may perhaps be that this request preceded that conversation. Be as it may I feel I should respond so that you are aware that it was not your abilities, time in job or otherwise that the choice I made was Mr. Souza as previously stated.
