NAME (Print): (LAST NAME) SINGH	(FIRST NAME) MICHAEL MANJEET	CDC NUMBER: T-22165	SIGNATURE: <i>Michael Manjeet Singh</i>
HOUSING/BED NUMBER: -213	ASSIGNMENT: PIA: Coffee Roasting	HOURS FROM 7am to 2:30 pm	TOPIC (I.E. MAIL, CONDITION OF CONFINEMENT/PAROLE, ETC.): "Serving Spoiled Food"

CLEARLY STATE THE SERVICE OR ITEM REQUESTED OR REASON FOR INTERVIEW:

~~SEVERAL~~ occasions over the last month, spoiled food has been served. ~~ISPOILED MILK~~ is normally served. Despite the fact that it has been brought up, the spoiled milk is still being issued to us General Population inmates. This is a very dangerous health hazard. **381a- Misrepresenting the Quality of Dairy Products [Penal Code]** states 'any person who deals in dairy products (agents, principles, etc.) who buy, sell and/or distribute dairy under the use of THE BABCOCK TEST' then gives wrong/false perceptions of /or causes injury to a person is guilty of a misdemeanor-eligible for a fine of \$1,000.00 and/or 6 mos. in county jail. Please correct immediately the serving of rotten milk in the kitchen. I've been informed by kitchen workers that the milk 'sits' on the 'back dock' area when it arrives, then 'freestaff' allows it to stay there 'til he is 'ready' to open the door. This allows the food/milk temp. to slip into the 'danger zone' i.e.: temp above 41 degrees, thus spoiling it. He's not Serv Safe trained (AB 602).

① you can't threaten anyone w/ jail or a fine. ② the milk has been fine sometimes it leak but the Supervisors call PIA and get it corrected. ③ The Supervisors have not been told that there was any problem's lately and if we were I would have addressed it. ④ when you get a milk instead of drinking it, ask for another one, the cook will give you another one, and all milks are rotated.

SECTION C: REQUEST FOR SUPERVISOR REVIEW

PROVIDE REASON WHY YOU DISAGREE WITH STAFF RESPONSE AND FORWARD TO RESPONDENT'S SUPERVISOR IN PERSON OR BY US MAIL. KEEP FINAL GOLDENROD COPY.

I simply stated what penal code 381 A states; it's up to you, the staff who gets paid to monitor the health / safety of food maintained at the proper temperatures; the supervisors have always been told, for the last few months there has been a problem, even to a few years ago when people were so sick they were 'triaged' in the visiting room set up as clinic; I know cause I lost 12 pounds in 3 days from food poisoning. The milks are not always totated under

Policies and Procedures for milk have been reviewed and corrected. Since these new rules have been implemented, there have been nearly zero complaints. Thank you for your concern. Food Service will continue to serve heart healthy food.
