### Verse: One

Bar 9 World War One broke in 1914  
Bar 10 Motivated by fear, desire, power, and greed  
Bar 11 It's all in the history and never been a mystery  
Bar 12 We dying at the hands of each other instead of naturally  
Bar 13 Factually, the human race created lots of sons  
Bar 14 But also created bombs and machine guns  
Bar 15 It's madness, all in the service of intelligence  
Bar 16 Intelligence in the service of madness is not intelligent  
Bar 17 When 10 million people get killed, how are we living  
Bar 18 When we're dying to survive and this is only beginning  
Bar 19 One hundred million by the end of the century  
Bar 20 Died a violent death at the hand of an enemy  
Bar 21 Died by genocide, died between nations  
Bar 22 Died in the face of mass exterminations  
Bar 23 We only need to watch the daily news on television  
Bar 24 To realize, this ain't back in time; current living, 'cause

### Verse: Two

Bar 33 Another aspect to this total dysfunction  
Bar 34 Is Earth, we killing the planet, total destruction  
Bar 35 Taking out forest and plants producing oxygen  
Bar 36 Here we go again, thinking outside the box again  
Bar 37 Driven by greed, ignorant to preservation  
Bar 38 Won't be satisfied until it's total annihilation  
Bar 39 Poison our rivers, polluting all our oceans  
Bar 40 The Ozone Layer is weak, causing commotions  
Bar 41 Put in the motions how we killing the animals

### Verse: Three (Continued)

Bar 65 Working for a couple pennies, doing some hard labor  
Bar 66 And when you're done, they look at you like they did you a favor  
Bar 67 It's a war zone, not over seas, not over there  
Bar 68 It's over money, all over greed, all over here  
Bar 69 Don't want to share, we're battling wars within ourselves
