Dear Ms. Richardson:

I am resubmitting my grievance with my signature and the current date.

I believe you are misunderstanding why I filed a grievance. I am not asking for, nor expecting, a new PRC hearing. The court did not order a new hearing for me. It ordered that the previous decision transferring me out of Gordon be reversed and that I be restored to my previous status.

I am now community custody and my placement is at Gordon Correctional Center. Pursuant to DOC 302.19(1) I cannot be housed at Stanley unless there is a "clinical, medical or security emergency" or I am assigned to Stanley. None of those circumstances apply to me.

I have spoken with Supt. Olson and he has indicated that he will accept me back at Gordon so there is no problem with returning me there.

This grievance is being filed because I should be placed on the next van trip to Gordon in compliance with the court order.

I will see PRC at my regularly scheduled recall when I am at Gordon. I expect to remain at Gordon until I am paroled.

Thank you for your attention to this matter.

Sincerely,

Harlan Richards
