

POP GOES THE WEASEL

2-13-12

In mid-June 2011, I was physically assaulted by offender Rulli stating that he wanted to kill me. This was an act that offender Rulli was showing off to offender Granados. Offender Rulli believed Mr. Eid told him that I was the pod's "switch," when Mr. Eid was retaliating against me for that incident of in mid-2009 with offender Breeding. After the assault, ISP administration turned right around to place offender Rulli next door to me as means to provoke further assaults.
