

2-20-12

Dear bloggers

its feb so here at China.
things are pretty bad here right now.
this is an SNF yard, people come here
for lots of reasons.

Prigent is we are spoused so be
protected.

something in the Chow Hall make
down so they cant make a lot of
the food we usually eat, so
their making the main mess
make most of our food, and they
put stuff in it to make us sick.
like floor cleaners, pee and god
only knows what else.

The cos are telling us it will
be 4 months before things are fixed
that means that the only things
that are safe to eat come from
our lunch, canteen, packages.

any body that has a loved one
here on West yard at China please
call in and complain to the
Warden.

Thank you your friend
