What's up doll feet? Don't know for sure if you received my last reply to your comments or not, so I'm sending another short reply.

Whew, you got puny feet! If I was dancing with you I'd have to be careful not to step on 'em with my Bigfoot feet! 😊

F.Y.I., I don't really have a full-blown foot fetish, just think it's an interesting way to meet people & interact.

Hey, F.Y.I., I posted a long message for you on about ~~December~~ the Ides of December. BtB probably posted it 2 weeks later. Also posted the full Lion drawing for you & a bunch of other stuff too. At least read the note - it has "Little Brittin" in a bottle on top. Reply when u can. It fully addresses your last comments.

I'd appreciate you transcribing any & all of my posts, old ones too! And please preach my gospel for & wide! 😊

Look forward to hearing from u!
