

THE NEW ME PART 2 of 2

The new me

have life

and it's full of love

Like Christ

it was given

from the heavens above

From my

heavenly Father

who brings the dead to life

Who circumcises

the heart

and fill the soul with life

The new me

lives under God's new law of Grace

Partake in Christ's death

and all my sins erased

I now live by faith

avoid any hinderance

Serve the only God

who declare the guilty innocent

The God of Abraham

Issac

and Jacob

Who Judge the whole world

and fill the burning lake up

I've been set free

from the law of sin and death

Protect my thoughts from Satan

Keep God's armor on my chest

In the army of the Lord

Side by side with his troops

With the helmet of salvation

and the garments of truth.
