What sort of sacrifices are intelligent?
The answer to this question resonates
with-in an intelligent sacrifice is only in which
you gain a greater happiness by letting go of
a lesser one in the same way you'd give up a
Buick for a Bentley in exchange in other words
an intelligent sacrifice is like a profitable
trade "I'll make a trade"

There is something in all of us that would
rather not give things up we'd prefer to keep
the Buick and get the Bentley but maturity
teaches us that we can't have everything
to indulge in one pleasure often involves
denying ourselves another perhaps a better
one thus we need to establish clear
priorities for investing our limited time and
energies where they'll give the most lasting
returns he who loses money, loses much, he who
loses a friend loses much more, he who loses
faith, loses all
