

Soundtracks Revisited 😁

Jeez! I'm feeling prolific this week - got a lot of writing done - I put the blogs here and use the trusty Mead Notebooks for the good stuff. I must be sitting on a ton of material - DON'T PANIC! I will someday get it all computerized and publishified.

Music helps - I often listen to it as I write, it makes the mood more perfect. I think whenever I do publish, I will sell the accompanying soundtrack to have playing as you read along. Wouldn't that be cool?

Needless to say --- What's on my CD player and accompanying \$1⁰⁰ 12-disc CD wallet (best buy I made this last year - 1⁰⁰ = Indestructible plastic CD wallet. SERIOUSLY!)?

I am a LOVER of music - today it was CHRIS ISAAC'S SAN FRANCISCO DAYS Album - One of my all time favorites! Another is the soundtrack to my favorite movie - American Beauty. Thomas Newman is a genius. He also composed the title to a favorite TV show - 6 Feet Under - whose soundtrack I also have.

Sadly there is no 'Dead Like Me' soundtrack and Stewart Copeland's Anthology is not available, so I must wait 'til parole to rock out to my 80's Drum God Idol. In the mean time...

Soundtrack to 'A Good Year' ... A must have for anyone.

I usually listen to this when I'm in one of my VERY RARE happy-with-the-world moods... Those stories will NEVER see daylight!!

The rest are all 'mix' CD's (yes we can buy/make those in prison)

Soundtrack Revisited Pg 2 of 2

I try to stay well rounded - 70's, 80's, 90's, 00's, Now stuff...
So it's all over the place. Songs I'll never grow tired
of as long as my arse points south:

- | | |
|--|---|
| Pablo Cruise - Love will find a Way | <u>Comments</u>
(God, I HOPE so!...) |
| John Denver - Rocky Mountain High | (Heh-Heh-heh...) |
| Jerry Reed - East Bound & Down | (Milford, CT! Here I come!) |
| Ozzy Osborne - Road To Nowhere | (<u>MY LIFE STORY!</u> Love this song!!) |
| Ozzy Osborne - I Don't Wanna Stop | (see above) |
| JOURNAY - Still They Ride | (Why California is DEAD to me) |
| The Beloved - Sweet Harmony | (You guys still Rock) |
| Keith Anderson - Every Time I Hear Your Name | (My ^{last} marriage in a song) |
| Little Wonders by Rob Thomas | (For my sons) |
| J. Geils Band - Love Stinks | (IT DOES TOO STINK!) |
| BANANARAMA - Cruel Summer | (Cuz I'm an 80's FREAK) |
| MARTIKA - Toy Soldiers | (On those addictions!) |

So many more I could list; but those... those are the
'MOOD-MAKERS' the ones I write to most often.

I possess 3 muses - Music; Death/Grim Reaper & Ravens; Rain.
I will discuss them and their deeper meanings in a future
post. The mind I own is one probably better suited for
a funeral director... But some of us are cut from a
darker cloth. Just wish I'd figured out what to
do with the gift sooner...

What, me worry?
