

THE GOD OF LOVE

WZUP Ladies! How are y'all doing out there? Well I'm tryin' to see what lovely lady is ready to take on a King like me and become my Queen for life. I just want to make a trade with one lovely lady. A piece of me for a piece of you like we sharing each other physically, mentally, spiritually, emotionally, and a lot of other things. See I want for us to give each other important pieces that build up to a whole little by little. So that we don't get bored with each other. We can show each other somethin' new every day in full pieces and none of that half-steppin' shit. I'm going to now give you some stuff about me. My name is Marchistian J. Thomas but I'm called Mack for short. I'm 25 yrs old, a Virgin, my birthday Aug 27, I'm brown skin complexion with 13 tattoos. I'm 5'11 1/2 to 6'0 1/2 weigh 185 lbs medium build. I'm from 5th ward out of Houston, Tx. I went to University of Houston - medical school majoring Business Management, Retail & Medical Assistant. I was a junior before I ended up locked up on the Telford Unit in New Boston, Tx. I'm very romantic & adventurous, have a great sense of humor & great personality, like to have fun also I'm caring, trustworthy, loyal, motivated, determined & dedicated. My hobbies are playin' sports, swimmin', travelin', shootin' pool, playin' with my kids, and being with that special someone who I can spend time with and get to know. I love music especially R&B and old school music and I can sing just about any song you can imagine from The Isley Brothers to Monica to Pretty Ricky. I'm also very intimate, a pleaser and loves foreplay, it's a must becuze I like to explore a woman's body and free her inner self. Moving on to the next subject. Well Ladies like I said, I'm searchin' for a friend, someone I can share my good times as well as my bad times with. I want someone who can be a woman and be a hood chick when it's time and knows how to please her friend/man but the number 1 thing that means the most to me is she have to play her position by standin' beside me and as a man I will do the rest. I'm not a game player and I don't want one either. But if you're tired of having lovely conversations with your heart just holla at me and I'll promise I'll have your heart love me. All I want from you is a chance of earning the key to unlock them handcuffs that's around your heart so I can see what GOD bless me with that others fail to see in you. I know this is a lot to take but I mean every word, now, or with so sincerely. Now have you ever shared your soul with a stranger only to realize he was a long lost friend? Have you ever talked to a man like you talk with a woman and share what you can't with other men? Can you promise to hold off from judging me until the day when you really know me [??] Don't blush from words of truth. Ask yourself "girl is he for real?!" Feel free to search my soul & heart now tell me if you feel me! Damn, all I can say is have faith in me and in time maybe you'll come to see the definition and true meaning of friendship/relationship can be discovered in me. Now before I end this I want everybody to know that y'all will be hearing me soon. I'm a singer & a rapper but a true singer at heart and I'm known as The One & Only M. Strong CEO of F.T.H.E (From The Heart Entertainment) and T.H.P.F. (The Woman Pleasin' Family) Y'all can check out my Myspace page at Marchistian01@hotmail.com and Marchistian@hotmail.com.
