Re: STAFF MISCONDUCT of DR. WALKER & HSU LIEUTENANT

Dear Superintendent Ryan:

On Thursday, April 12, 2012, two employees here used their professional capacities to engaged in a personal interview of me here in the HSU. Please allow me to detail the incident for you.

At approximately 6:05 PM I was told by E-2 C.O. Archibald to report to the HSU to see 3-11 Shift HSU Supervising Lieutenant Majahowski (Phonetic Spelling). Upon arrival at the HSU the Lieutenant instructed me to take a seat in the holding cell. I a couple of seconds a woman appeared and said, "I am Dr. Walker and I wanted to ask you about a letter you wrote to the Boston Globe which had my name in it." I responded, "I will not be providing you with any answers." She stated, "Well I have never met you before and I wanted to ask you why you sent the letter to the Globe and who gave you your info?" I responded, "Again, I am not not going to be providing you with any answers to your questions." I then said to the Lieutenant, "I do not want to be called up here unless it is for medical or official DOC reasons." The Lieutenant struggled for words, then said, "This is a DOC reason." I responded, "I will handle that my own way. I then left the HSU area and returned to my housing unit where I called my sister and asked that she contact my lawyers to log this incident.

Dr. Walker and the HSU 3-11 Shift supervising Lieutenant abused their official positions in order to question me about private free speech activity. I have no Psyche Services/Mental Health history, I have no professional relationship with Dr. Walker, and I have never asked to be seen by her or her staff. These DOC employees used their official capacities to inquire about personal matters. I cannot allow staff to treat me this way and take this as a serious violation of my First Amendment right to engage in free speech. As such I must take every measure to protect myself. I ask that your office order an investigation into this inappropriate behavior by these two employees, while ensuring

that I am not subjected to any further inappropriate or retaliatory behavior from your staff.

I believe you are aware that I work with several human rights organizations who seek my take on prison abuse. I engaged in numerous free speech activities, as is my Constitutional right, and will continue to use the pen as a mighty tool of change. I ask that you protect my rights in such matters since I am currently in your charge. I will never be silent about abuse.

Thank you for your time and anticipated prompt attention to this very serious matter. I will be anxiously awaiting your reply.

Respectfully Yours,

X
