Hightened security

Hightened stupidity

Page 1 of 2

I'm on Hightened security, because of this prison Administrations Hightened stupidity. on september 10, 2011 these moronic red necks placed me on Hightened security as a Form of Reprisal For me blogging about them, Filing grievances and standing up to them. They did everything they could to try to make me lose my cool, when they did retaliatory shake downs I smiled at them, when they threw my Food tray, I smiled at them when they destroyed my legal work, I smiled. well they just hated that, the fact that they couldn't get the reaction they wanted, so they had to lie on sept 9, 2011 saying I threatened staff in order to take my visits, cut off any further media interviews and place me on this Hightened security. which is a waste of time personal and tax dollars in order to reprise against me.

Two staff members have to walk with me every where I go, they have to set with me when I go to recreation, I've been on this for over six months now. my cell door has been opened up on several different occasions which the video camera will substantiate. For instance, on Tuesday march 27, 2012, at 1:15 PM my neighbor was being pulled for a property Room call out, when they opened cell P-2205 they also opened my cell door, P-2204. I was sitting here at my desk and didn't notice it, I looked over at my foot and noticed the cell door was open 6 to 8 inches. I could have pulled it all the way open or closed it, I elected not to touch it at all. At 1:33 PM P-Dorm video of P-2 wing 2nd floor Right side will show CA Clemons

making his rounds. which they make every 30 minutes. The camera will show that I stop him and state, "Do me a Favor?" He stated "what's that?" I said, "shut my door for me." He looked over at it and said, "oh shit how long has that been opened?" He can be seen stepping over to the door closing it. I'd respond "I don't know maybe when ya'll opened cell 5."

Later he would state to C.O. Stacey that the door was opened and how I told him to close, stating "yeah he's really heightened security he notified the doors open and ask for it to be shut."

That there just goes to show that their wasting time personal and Florida tax dollars in order to reprise against me, because they can't control this pen, and I'll never allow them to control this pen. it's just not going to happen. I was told yesterday by a Sgt. that Assistant warden Whitehead stated, that even after he leaves I was to remain on heightened security. yes I shall remain on heightened security, as this Administration remains on heightened stupidity!" But it's your tax dollars that are being wasted, not in the name of security, but in the act of Reprisal. Because these dumb red neck's can't control what I write. Hey it is what it is, if they wouldn't act stupid, I wouldn't have anything to write about. Then again their not acting, they truly are stupid. As an I for pointing out their stupidity, oh well. that's me for you. In peace & love
