KarenW, "WOW" is an understatement to the depth of the problem. Please read CALIFORNIA'S INSIDIOUS SOCIAL CANCER: PRISONS, and soon posted RESPECT YOUR ELDERS (Unless they're in prison). Although we can see the waste of \$\$ and lives first hand, prisoners have no voice. Change must come from people like you, the people who pay taxes that support this very expense human stockyard. Please find E-mail addresses for legislators, the * indicates senators who are on the prison committees. The "Dear Legislator" letter is a proposed format. Dear Between the Bars staff;

Thank you for giving us a voice. I remain,

Sincerely yours,
