

# " In Remembrance of " Trayvon Martin

April 12<sup>th</sup> 2012

Another Fatal Homicide here in Florida. On February 26<sup>th</sup> 2012 that rainy Sunday night. Trayvon was returning from a store with a pack of skittles candy in his pocket and a tea with a hootie on.

When Zimmerman approached him. A tussle ensued and George Zimmerman, 28 allegedly shot the unarmed youth in the chest with a 9 millimeter handgun Crump says. The Family's lawyer Benjamin Crump says Trayvon and his dad, both of Miami, were visiting the dad's girlfriend in the Sanford, FL - area gated community.

Trayvon parents are looking at this as a (hate crime). Sybrina Fulton 46 Trayvon Mother led the campaign of his arrest George Zimmerman but on the flip side of this she stated she believe the murder of her son was an accident she believes things just got out of hand that night.

Trayvon Martin parents took their fight to Capitol Hill. Reverend Al Sharpton and Reverend Jesse Jackson held Marches/Rallies they want justice served in Trayvon death. State Attorney Angela Corey has been investigating the case of Trayvon Martin from Sanford, Florida total of three weeks now.

Former Neighborhood Watch Captain George Zimmerman is expected in First appearance Court April 12<sup>th</sup> 2012 time is at 1:30pm. Okay it was held at the appointed time results as it stands. The Judge said he will have another arraignment on May 29<sup>th</sup> 2012. His lawyer Mark Omara 1061 →

Did not ask the Judge for bail as of this point. But he did not Choose to bail out at this time. He plead not guilty under the stand your ground law. But as it stands right now.

He's facing second-degree murder charges. The law is justifying another homicide. My belief it's definitely a racial criminal act now.

Remember George Zimmerman was never arrested at all. He turned himself in to the Seminal County Jail in Sanford, Florida. State Attorney Angela Corey is seeking for him second degree murder she said that's the most he can get for the murder.

But that doesn't mean he'll receive that sentence.

George Zimmerman father was a (Judge). Trayvon has been dead forty-eight days today April 12<sup>th</sup> 2012. Bottom line he is the "Victim" and we can't get his side of this story. George Zimmerman stated when he got out of his car Trayvon walked up to him and punched him in the face knocked him down and started beating his head on the sidewalk that sounds in sane, me. It was discovered that George Zimmerman is White/Hispanic biracial.

I don't know what actually happened, I only know what I did read in my Jet magazine and heard on my radio National Public Radio (NPR), 89.9, while sitting in this cell. But I'll say this it's got to come to an end.

Violence/Murder is "never" the answer to a problem. If a black officer killed a white teenager. He would be stripped of everything and, thrown under the jail no question asked lawyer or not that's the truth.

George Zimmerman deserve whatever he gets in the court of law today and, coming in the near future. He didn't think he just reacted that gets folks in trouble all the time. If he's convicted he faces life in prison.

There's has been other cases like this (one) in the past let me Name a (few)  
Amadou Diallo (22 years old) February 4, 1999  
Sean Bell (23 years old) November 25<sup>th</sup> 2006  
Oscar Grant (22 years old) January 1, 2009  
James Craig Anderson (48 years old). And majority of these officers got acquitted for all these African-Americans males murders, to me it looks like a racist issue. Tray Von Martin was only (17 years old). Before his murder. Tray von parents Martin 45 Sybrina Fulton 46 are living in the Miami area and, are in Washington DC at this present time. Sybrina Fulton Tray von Mother just wanted an arrest. They got one through State Attorney "Angela Corey". George Zimmerman still saying his malicious act was in self-defense.

When does the madness stop? I believe if you kill someone you should be punished No Doubt about it.

I'm grateful this man is incarcerated  
I don't care how he got there.  
He doesn't need to be out in  
Society.

Before he turned himself in he  
was in hiding. Now Trayvon Mother Sybrina  
believe George Zimmerman stopped her  
son and killed him on that night.  
the case is bizarre at this  
standpoint. Trayvon liked sports and  
was aspired to attend Florida A&M University  
in 2013. His dreams are over now. "It's unfair to him  
do to his murder by George Zimmerman.  
Martin 45 Trayvon Father said he didn't  
feel like Sanford Police Department did  
a thorough investigation in his son  
Homicide.

The only reason I'm speaking out about  
this tragedy is because I want justice  
served at all cost. For George Zimmerman  
vicious act towards Trayvon Martin.

I'm praying for Trayvon Martin Family  
I really want to hear from the  
viewers on this incident.

I'm open for any comments and opinions.
