

Love...In 2012

Most of what I experience in terms of love, intimacy, and relationships comes from what I see on T.V. With shows like Maury, Jerry Springer, and various Court Shows, it just seems like love is a huge joke in 2012.

I'm almost certain that there are couples who are serious about commitment, love, trust, reliability, and truly being dedicated to one another. My exposure to it is just very limited given my current circumstances.

If you are currently in love, been in a long loving relationship or marriage, have faith in love, seek love, or have dreams of experiencing love in 2012, please reach out to me and I'd love to hear all about it. It kills me to see people treating one another so terribly on these T.V. shows and it'd be a breath of fresh air to hear some first hand accounts of some loving relationships or pursuits of love in 2012.
