

Simon,

Thanks for your comment! I'm curious... do you know I Denies or Lisheard? The reason I ask is because I received identical comment from the three of you saying:

"Thanks for writing! I finished the transcription for your post."

I had to look up what "transcriptions" actual means (what but after reading its definition I began to think "wow, did they help me with typing these up?" However, I haven't received any posts in the mail from either one of you so I'm assuming I misunderstood what that word meant.

None the less, your taking the time to simply read my post and acknowledge it truly means a lot to me so I thank you for that. There's been a lot on my mind lately so the idea of knowing at least three people out there got to hear it is comforting.

Please take the time to read more of my posts and I encourage your feedback, comments, and opinions. Also feel free to share my posts with others because I welcome and positive energy from the outside world.

Take care Simon and please write me directly if you'd like.
