Whats up everyone, I guess
you've came across my blog page.
I, usually dont write down
alot of the things that happen
in this prison But I was reading
over some information From this
web site, and thought it sounded
like a positive way of expressing
my thoughts, or ideas, on some
of events that happen within
prison. I'm in my 3rd year of
my sentence, and was orginally
sentenced to 9 yrs For 3
bank robberies. However my parole
date could be within the next
2 or 3 yrs. I guess I'm just
a normal guy, who resorted
to desperate measures, and
now am adjusting to the circum-
stances of Prison.
