

Imagine that!

Imagine that is a song about the way I see things and I'm asking you to see things the way I see them.

verse 2

Imagine that, my motivation was something other than paper
Imagine me with a choppa, and not thinking about a caper
Imagine me being ~~being~~ stayed, and then coming back like I'm Jesus
Imagine that I was sent, to save our fathers' choosing people
Imagine me with a needle, imagine me with a stone
Imagine that I was poor, and had no place to call my own
Now imagine me in the light, can you see me holding my mic
Can you picture me in the source, and them giving me 5 mics
Imagine me on my knees, imagine that I was begging
Don't picture me on the stand, don't imagine me ever telling
Imagine that you were me, someone destined to keep it "G"
To imagine me on the stand, would destroy the whole family
So imagine me as I am, I'll continue to keep it "G"
To imagine that I would sang, would destroy the image of me....
