

## Hold Me Down...

Hold me down is a song for every brother that has gotten locked up, and felt that the woman they were involved with has abandon them because they got locked up.

Chorus 2x

Hold me down, I may-be gone for more than a minute  
So just hold me down, and be there when I get finished  
Hold me down, I know it's hard but girl be strong  
And hold me down, don't let me do this bid alone

verse one

This for the women of the world, I aint saying no names  
But if you fucking with a nigga, who knee deep in the game  
Then it's ment for yo ears, cause it's most our fears  
That you gone leave, when the judge go to handing out years  
We chose the road that we traveled, but we supported you  
So when they give a nigga time, how bout supporting us boo  
Aint trying to put ya life on hold, you aint even gotta slow down  
But when ya finally get a brake, won't ya send a nigga a pound  
Or some pictures, don't forget us, let us know that ya there  
Spray the letters with perfume, to let us know that you care  
Maybe kiss it, just to let a nigga know that it's real  
You plan to leave me when I jump, then let me know how ya feel  
Aint into playing them games, I aint trying to chain ya down  
~~you~~ You know how a nigga liven, don't try and change me now  
Baby you know how I feel, and I know I got ya attention  
Only thing I'm asking you to do is listen...
