

A Place Close To My Heart

Old night time brings me nearer
To the one I love so well
And twinkling stars and moon beams
Never get a chance to tell
And although we are far apart
Your face I almost see
for stars that take your message
are smiling back at me
There is comfort just in longing
For a smile from your dear face
And joy in just remembering
Each sweet fond embrace
There is happiness in knowing
That my heart will always be
A place where I can hold you
And keep you near to me
