The Aliens, Bill Clinton,
~~Bill Clinton~~ + Me Issue
created 13 May 2012

Howdy readettes + readers!
My apologies for the belated-
ness of this post. But, as
I'll explain, honkie
been busy.

First, my news:

Anyone who thinks all prisoners are lazy, booger-eatin' bums, meet me!
For the last several weeks I've been: 1) helping an innocent man,
Sean Anthony Riker #567232 (see seanrikerisinnocent.com and
<http://unjustjusticeseanriker.blogspot.com/2012/02/unjust-justice> for details)
tighten up his civil suit over Racine County Jail officials beating him and
making him live in a feces/urine splattered pod, as well as sending out
a tide of letters to media, political + other people seeking support for
his fight for justice; 2) helping another convict + his mom sue over the
WDOC unjustifiably removing her from his visiting list + punishing him;
3) doing another convict's certiorari case; 4) fine-tuning a self-portrait,
a wolf portrait, portraits of Riker + his cute daughter - all of which will
be posted once I get copies made (you'll be impressed!); 4) cussing out a
child rapier across from me; 5) giving therapy to others in need; 6) telling
jokes; 7) reading a little; and, 8) thinking about a whole lotta stuff! Plus
I force myself to bust my butt working out, hard, twice a week.

I need a freaking hug from a soft-fleshed warm woman! ☺ Volunteers?
Speaking of women, also been corresponding with one in jail, Racine. I
don't know where it's going, although I know where she says she wants it to
go. I'm waiting 'til she's out + less desperate. I'd be happy with just
being her friend. Because I have a life sentence, I don't feel it's fair to
expect more from a woman. From what she's told me, she definitely
attractive, physically + intellectually. But she's also troubled and I'm not
sure she's on the same page as I am ideologically. You'll know what happens.

Happy Reading!
