BECOME A JUROR ON THE COURT OF PUBLIC OPINION

I consider this blog an answer to Prayer in my quest to vindicate myself of any kind of murder. As I use it as an appeal to you the readers to sit in judgment on the court of public opinion. It is my firm belief that once I present the evidence proving I did not receive a fair and impartial trial, This court will also be able to weigh the evidence that reveals a pattern of corruption by a faction operating within Florida's legal community showing them to be guilty of racketeering. Which will explain why the evidence of my innocence has been oppressed and suppressed for nearly 30 years. Leaving me vulnerable at this time to having the governor of Florida sign my death warrant, which means if I fail to win this appeal before you the court of public opinion. I will most likely be executed. It is my prayer and hope that you will take this appeal to sit on the court of public opinion seriously, and invite others to join you in open deliberations. Your participation is appreciated, so please post your comments, and questions for me to respond to. In my next entry I will begin presenting the evidence showing when I stood midway through the farce and mockery of my trial in June 1983, and shouted I was being railroaded (FRAMED); I actually was being railroaded. Thank you, for taking the time to read this.

Respectfully,

Milo Rote
