

Someone To Discuss on Investigating my Case..
I need Between the Bars voice.

6-14-2012

Joshua Jones # 1664772 Housed here at the W.C. Connell unit
San. within the Texas Department of Criminal Justice Institutional
Division. I'm writing this on the behalf of my Case in Walker County
Texas, Huntsville. Jones have Reason to believe that he wasn't Competent
Enough to understand the totality of the Repurcussions of the plea
Agreement he signed. Jones has been under mental health Doctors
since Childhood, he has taken psychotropic drugs for that long as well
So. According to the Record he has also abused drugs for nearly as long.
Due to Jones was indigent and not able to afford his own lawyer he
Has Reason to believe that he was denied adequate opportunity to be
Represented by Counsel that instructed him properly. Considering his
Diminish Capacity, Jones believe that the Records, reflected proof of his
Innocence amongst newly discovered Scientific Data Concerning the
Affects of psych meds over extended periods of time. Jones would
like the Chance to withdraw his plea and be allowed an opportunity
To get his Case investigated along with his mental health Records
Jones would like to file an out of time appeal..

Jones was Charged for Robbery and the victims only. Stated it was
only one suspect that got outta the Car. I was the driver Smoking
a Cigarette dipped in pop without the ability to think. Jones was not
Competent at the time to Control himself. Jones was insane at the time
of the alleged offense. at the time of the Robbery Jones as a result of
Severe mental disease or defects. Jones didnt know that his or the
Suspect conduct was wrong. Jones didnt know the suspect was going
to jump outta the Car and Robb anyone.

Case no# 24236-24238

Respectfully Submitted
MR Joshua D. Jones # 1664772

I'm a mental health patient that need someone support in getting
my Case investigated. In doing 25 years for a offense I
did do nor had Control of this the only support I need
I want my freedom.. and to receive proper care..
