Hey, once again it's ya boy Skys.
I apologize it took so long to drop a few lines. Anyways, I know I have been coming from out of left field but I really don't know what to write about, the only reason I signed up with Between the Bars is that I'm hoping that I can meet some interesting people. But more to the point I'm hoping that I can meet someone who can help me get my music out in the world, maybe even on the radio. I consider myself a talented person and I'm not the only person who believes I have a talent. I've really grown with my ~~talent~~ musical ability since I got serious about what I want to do in life. Altho, I love rapping I've come to understand that even if I decide that I want to write songs for others, I can still be successful at anything I put my heart into. It wouldn't be that far off if I wrote for other artist anyways because when I write my own songs I write the R&B and Rap verses for both male and females. I know it will be an easy transition over to "ghost writing", no problem at all! As I said before all letters will be responded to.
Feel free to write me at the address below.
