

## Phone Justice.

I have family that lives out of state so I don't get to see them. And I live in Cal in order to call home.

Your family must have an account with Global Link and my family is on a fixed income and can not afford a pre paid account. as a result, its been years since we talked to my family on the phone.

And because of this fact we missed out on Birthdays and other special events.

And this has made me and my family disconnected from each other.

And I fear that if something were to happen to my family, I would not find out for weeks or longer.

Thank you  
Steve Johnson
