

THE RUBICON OF UHURU!

A major turning point in the struggle. Symbolic for enlightenment and embracement of what life shoot you! 4/5/2012

1. Sometimes, the most courageous thing we will ever have to do...will be to embrace what may be called fate! But really Allah's will!!! Masha' Allah! At least, what our limited understanding (standing in line) will have us see it as. And sometimes this may be the thing or circumstances which will cause us the most emotional pain know to mental psychology.

I have embraced mine! To far in my journey! There is no short cuts! That I can live with taking, nor going back. Let the greats! Be my guide and example to calm and still/steel! My fears and suffering.

My life in real Greek and Kmt legend.

2. And as MLK said: In the end, we will not remember the words of our enemies! But the silence of our family and friends!!!

3. Allah! Whom to we owe all praise! And submission! Bear witness! For Allah know better than I! The nature of Abdul-Ra's Uhuru. That he has only done! These things and decisions! That deep, most in his heart, he can wake! Insha'Allah, the next morning and be content with. And live! With!

For the compromising! Man lives a life full of secret regret. Masking the fact that in the fast of adversity, he did not face the mantle!!!

I approach and embrace each seemingly rubicon with the Allah fact that nothing I! Nor my enemy decide! ...will come to pass without Allah's blessing.
