

## I NEED LEGAL HELP!

24 June 12

I am having a lot of trouble getting help for my damaged left leg/knee. I've been trying for around 3 years to get help from the doctors here to fix my left leg/knee.

My left leg is  $\frac{1}{2}$  the size of my right leg due to nerve damage from my lower back. The nerves are not working - they are not sending motor signals to my muscles in my left leg - so no matter how much exercise I do my muscles won't grow. My leg keeps getting smaller every day (includes all my muscles from my waist to ankle).

Also I have severe damage in my left knee. I walk with a severe limp & can't run. I am in pain 24/7. When I sleep at night I get woken up a lot of times from the severe pain in my left knee.

I'm afraid soon I won't be able to walk anymore because of the weakness & pain & damage in my left leg & knee. I want to sue the state & federal government - so I can get help to repair myself & for the pain & suffering I'm enduring. I need financial/money help to pay for a lawyer to help me with the legal work to sue the government. If anyone out there can help me - please send me money & for legal help by "Money order" on [www.JPAT.com](http://www.JPAT.com) (my CDC# is F25827). I need as much help as I can get. Thank you.

Please feel free to write me or respond to my blog. Take care. My prayers are with you. GOD BLESS YOU.
