First and foremost, I would like to extend my gratitude to all those who have united for the Phone Justice Campaign. Let's hope the Federal Communications Commission will confront this issue with the gravity and dedication it deserves. The inmate phone companies shouldn't be gouging. We need to come together on this issue. Remember, united we stand, and divided we fall. So more letters need to be written on the high phone rates and how they are affecting you and your family. You can mail your letters to:

I also want to give a Special Thanks to Ms. Susan W. who did the transcription for my Phone Justice post. I just hope my next post (FATHERLESS HOMES) doesn't give her Carpal Tunnel. It is 23 pages (SMILE). I would like to express my delight on my daughter's recent enrollment into cosmetology school. She always had a fondness for doing hair and nails. I told her doing what you love is the cornerstone of having abundance in your life. I am posting my Grades from last semester. I will be returnig next semester.
