

Dear Cedewey,

Thank you for your comment. It is important that society knows there are many of us incarcerated who have addressed our crime-generative attitudes and behaviors, and are becoming better people. Many of us use our prison sentence as a student would use their time at university, prison institutions have become like college campuses and cells are our study halls where we contemplate solutions to the many social ills affecting our communities and youth.

There are two Bills that are being sponsored in the New York States' Assembly & Senate, that would expand Work Release to include violent offenders. These Bills are A.8961, sponsored by Assemblyman J. Aubury; Cosponsors; Stevenson, Roberts and Kavanagh; and S.5920, sponsored by Senator Montgomery.

If you would like to join the campaign to expand Work Release, Ask people to call or write to the above mentioned legislators at:

Assemblyman Jeffrion L. Aubry      98-09 Northern blvd. Corona New York 11368. (718) 457-3615

Senator Velmanette Montgomery 30 Third Ave. Brooklyn New York 11217. 11th Floor, Room 1100. (718) 643-6140

Thank You for your support and I look forward to hearing more from you.

Bruce Bryant
