P.S. CASI was dropped on her head and her memory was wiped clean. We're all praying for her safe programming. (It was ur celly who Dropped her) Lol. Oh! and wolf says ur doing a great job! ~~!!!~~

To anyone reading this Casi or CASIO is a Calculator we have in here in which these of us who are Neard enough (no not me) can program formulas and games into. Its the closes thing we have for a game boy. Lol. Of course there all math, flash, memory games.
