

50 Shades of Grey

P91051

I heard alot about this book called 50 shades of Grey but I havent been able to read it myself.

If anyone viewing this has read it then please tell me your take on it and let me know if its worth trying to get.

Also if you got any advice on some other books then let me know. Im looking for something new to read. I just finished reading a book called London by Edward Rutherfurd and it was absolutely amazing.
