William Krainsky:

Thank you very much William for responding to my post: "Can You Be A Gay Christian". I like your comment: "So for any Christian to say that your sexual orientation is a sin then they are basically saying that God is imperfect, which He is not. God don't make mistakes and you are not a mistake."

I really appreciate all your positive comments with all my heart & soul. Your comments brought tears to my eyes. Your comments mean a lot to me. Thank you for your support. Feel free to write back. Take care.
