

## "In The Morning Dear"

What was that you said  
When are you going to fix the sink  
Tomorrow Dear I'm exhausted

What was that you said  
Fix the washer  
I didn't know we had one  
I'll do in first thing in the morning

What was that you said  
Honey why don't we go out anymore  
Okay Dear we'll celebrate it next year  
& tomorrow I'll start planning
