hello out there
"ontimeincheckcc"
It's nice To hear from
beyond The walls.

I'm over here!
see me?

APPologies for the lack of posts.
I do actually write & Draw
a lot, ONLY, Some Doesn't
Come out Suitable for prime
Time viewing.

a few end up more or less
like adult private viewing
materials.

Most of my Posts are like
this one, in Toon. Toons
is how I express my inner
self more openly.

Plus - I'm cuter as
a Toon.

SO, MY BFF,
Seems To Only
write when She's
UPset with her Boyfriend
She Tells me She Still
Loves me, Then
Doesn't write for
4 or 6 months...

SIGH

Ever
She was my life,
wife, Partner, friend,
and everything I
needed.. Honestly
The Only Person I've
Loved Romantically
in my former Selfish
existence. EVER!

So you say,
"which IS better?"
knowing upfront or
waiting until someone's
grown close after
one's made a decision
only to make the
other happy to
later crush them?

I suppose,
Opinions would vary.
The "other" would be
crushed either way,
right? with harsh
reality upfront or
after a while. It "The decision"
only changes the depth of the wounds.

But that would be a
test of the heart &
soul, wouldn't it?
whether to be straight
forward or allow them
to be deceived until
you can no longer
carry on the charade.
Seems this type
situation would make
the individual rather
than the other
way around.

Goodluck
out there
Lil-Dude!

I have a high School
Education and

Tech Degrees
