

Today's Thought

8-14-12

The future is in front of all of us. And often it is not the future that causes us problems, but the past. We can't feel sorry about what problems that may happen in the future, we can't become discouraged about mistakes that might occur in the future and we can't regret sins we will commit in the future. But we can become overwhelmed with problems and mistakes that occurred in the past.

And when we allow the past to interfere with our future we will take our eyes off the prize that God has waiting for us. We must never relax our efforts or lower our standards if we want to be all that we can be through Christ our Savior. If we do, we lose the prize. What is the prize you might ask? Well, let's each keep striving for the future and we shall discover it together.
