

FOOTBALL SEASON!!

8-14-12

OK - here are some of Dr. Andy's observations and predictions for this 2012-13 NFL Season:

Oakland: This year's team slogan is "Oakland Fraider's - We Make Detroit Look Good!"

*They officially changed their name - not because Oakland is a port city with freighters but because Oakland is 'Fraider' winning.

Also Al Davis is in hell serving as Hitler's bitch. Thank ya Jaysus

San Francisco: They got a mini-Warbaugh and maybe the Bill Walsh school of Football is back in session.

To the playoffs for sure.

New England: Without being able to spy on & tape the other teams, it looks to be another tough season!

Maybe will lose in Division playoffs - I don't see them getting there at all.

Seattle: They still even have a team? He Ha Ha Ha Ha!

Tampa Bay: See above

Cleveland: See above

Buffalo: Still trying to be more than meadow muffs

Detroit: Thanks to Oakland being so crummy, this looks to be a good season

Baltimore: GO RAVENS! THIS IS YOUR SUPERBOWL YEAR! Nothing more to say. They win it all in '12-'13!

Football Season Cont...

8-14-12

Philadelphia: You are a tough one to beat this season and you will prove it. But the bowl is not yours.

Denver, Dallas, Miami, San Diego: You're very good but I say not good enough. I'm spreading a season to come in 6-10... for each team at worst... at best 8-8 each team

Atlanta: You should have hired Mr. Vick back. You bloody Idiots!

Jax, Tenn, New Orleans, ~~the~~ Pittsburgh: You are my DARK HORSES. LET'S JUST see how it goes - Odds are you will hit hard when it counts but score when it doesn't. Of the 4 of you - Titans you have the best shot. I called it here.

The rest of you - NY, NY, MN, Chicago, GB etc... Blip on the radar. Better luck next year.

GO RAVENS!
Good Luck 49ers!
