Hello world!

We made it through 9 days of over 100° F, degree weather. Even on the day it reached 115° with 60% humidity it didn't bother me. I guess all those years in the Middle East and South America prepared me well to endure this early Summer Heat Wave. As far as I know there were no heat casualties, but there were a few fights.

I've been busy again working on more Court related work. Thank you to all of those that have assisted in this effort.
