

Dear Jme,

Thank You for joining the good fight. Yes, GTL is a big scam. GTL gives kickbacks which they call "commissions" to all the prisons and jails that utilize their company. Did you write to the FCC yet? I should have told the readers that they should also send a copy of their phone bill to reveal these ridiculous phone rates.

Thank You for your congratulations on my acceptance to college. I will be starting my sophomore year in a few weeks. I think I will take Philosophy and Spanish.

Well Jme, Blessings to you.

In Solidarity
