(Searching for Your Computer Love?)

Well the mouse stops here! I'm a single Christian man who's also in search of that special someone to dominate my mind, heart, and soul, during these troublesome time of my incarceration and beyond.

To be totally honest with you, I'm seeking a long term relationship, not for someone to take care of me, because I got everything I need except two of the most precious gifts that God has blessed so many with, and that's: "A good Woman by my side and my freedom." Could you be that special someone I'm in search of? Come on, lets find out, put those soft and delicate fingers to your keyboard and write me today. Who knows, I just might be that one you've been searching of, lets find out if we're that match made in Heaven.

I enjoy listening to Jazz and R&B music, as well as reading and writing. I no longer take part in criminal activities that got me in this position that I'm in today. Which means: "I've got some act right in me now, and I've matured from that immature and selfish person that landed me behind these walls back in April 2,1995."

Want to know more about me? Come on, write me today and just ask, my life is an open book and I can't wait to share it with you. Age, race, or religion doesn't make a difference, as long as you're over the age of 21 and is willing to share your life with me, making me see the outside world through your eyes and experiences, its all to the good, write today.
