"TORTURED UNDER" THE MANTLE OF JUSTICE

NO ONE seems to give a damn about what this sick, sadistic, twisted prison Administration is doing to me here at Union Correctional Institution (UCI). This Administration is a bunch of low life no good criminals. That's right criminals! "smuggling weapons into a maximum security Death Row housing unit is against the law." "Falsifying state documents is against the law." "Assaulting human beings is against the law." And that makes Warden Barry V. Reddish and his thug Administration criminals!"

Like I've said it's no surprise, when you look at the Administration that he came out of again, see Valdez v. Crosby 450 F.3d, 1231 at 1239-1243 (11th Cir 2006). This man was his mentor, and instilled his code of unethical conduct into Warden Barry V. Reddish.

Which is why Mr. Reddish has no honor and integrity and no ethical qualms about torturing me under the mantle of justice. Cause he was spun from a sick, twisted, sadistic Administration. The case law speaks for itself, just as Mr. Reddish's actions speak for themselves.

Crosby made it all the way to secretary of the FIDOC before finally getting caught up in enough criminal activity, to get him tried, and convicted, and sent to prison, along with a Regional Director and others.

And numerous Warden's was forced to resign for their questionable conduct and unethical ways, a clear pattern of an unethical code of conduct of the individuals who come out of that Administration that you can read about in Valdez v. Crosby.

I'm tired of being tortured under the mantle of justice by these sick, twisted, sadistic demented

The mantle of Justice

"Criminals," who slipped into positions of authority because of who they knew, or who their Daddys were. I'm so sick of it, and everyone who is turning a blind eye and deaf ear to this criminal activity, that I'm firing my capital appeals attorney, and I'm going to force the court, to either protect these so called constitutional rights that I'm entitled to, and stop these illegal acts, that Warden Reddish and his col. are committing under the mantle of justice, torturing me, and causing me mental duress, or they can go right ahead, and end my suffering, and murder me, under the mantle of justice. I'm sick and tired of being tortured by this low life, no class, unethical, no code of conduct bunch of thug "Criminals," who are wearing correctional officer uniforms, and acting under the law, at the same time "violating it." I've had enough, 16 months of enough, of this blind eye deaf ear action to MR. Reddish's criminal activity, of abusing me. yes enough is enough. It's time someone look's into these crimes, that Warden Reddish and his col and the Admin are committing.

Regretfully submitted.

Ronnie

SUBJECT: Response to Your Letter

I'm in receipt of your letter and offer the following response. As a sworn public official, I am governed by a code of ethics, a code that demands integrity in word and deed. For me to agree to a "deal" would be violation of both my professional and personal ethics. Your heightened security status and visitation restriction are warranted based on your history and the disciplinary reports that you received were based on your behavior, period.

If you want to change things, make better decisions and follow the rules and regulations of the Department. Our future decisions regarding your continuance on heightened security and visitation restriction will be based on the seriousness of the incidents and your behavior since you have been on the status'. If you continue to choose to break the rules, you will continue to get the same results.

In closing, your decisions to drop pending litigation or the filing of grievances is totally up to you. No acts of reprisal are taken against you as a result of your decisions to pursue relief through these channels.

Warden

This man has no professional or personal ethics. He is a criminal in every sense of the word Criminal! He's had me assaulted, staff falsifying state documents writing fraudulent DIRs and violating state and Federal laws byreprising against me in an unethical way. And Mr. Reddish's unethical BVR/aab code come from his mentor seen in case law see Valdez v. Crosby 450 F.3d 1231 at 1239-1243 (11th Cir 2006) a corrupt Administration that Mr. Reddish was part of. And my heightened security and visitation restriction is based on lying fraudulent DIRs and the fact that Mr. Reddish lives by a code of unethical conduct. Period. see how I did that. Oh well, can't say that I didn't try.

MEMO TO: INMATE RONALD CLARK DC# 812974

FROM: M.L. WILLIS, ASSISTANT WARDEN

DATE: JULY 31, 2012

SUBJECT: ALLEGATIONS AGAINST STAFF

This memo is in regard to the Affidavit you forwarded to Secretary Tucker's Office regarding allegations of staff misconduct and abuse at Union Correctional Institution. That affidavit was forwarded to Warden Reddish's Office for review response.

In your letter you make serious allegations against staff to include the Administration of Union Correctional Institution. All of your allegations have been documented and reported to the Inspector General's Office. It is noted that you also accuse the Inspector General's Office of misconduct and cronyism.

Please be assured that if any of your allegations of abuse, fraud or other staff misconduct is substantiated, the Department of Corrections will take appropriate action.

M.L. Willis
Assistant Warden

Here's their response to the Affidavit. yes these allegations are serious there criminal acts violations of state and federal law. And yes the IG's office is involved in cronyism, and it has been for years see valdez v. Crosby 450 F.3d. 1231 at 1239-43 (1st Cir 2006) where the Inspector was stuck up Crosby's ass allowing those assaults to take place that eventually ended in valdez getting murdered. The Inspector General's office is straight garbage. Filled with former officers that were part of this Admin. so their not going to go after warden Reddish, period. MR. Reddish is above and beyond the laws that govern the rest of us. And is a criminal in guise as a warden.
