

"People"

8-30-12

People can be untrue.
in the end we'll become blue.
People will let us down,
and, can leave us with a frown.
People like to take you for a game,
they think others are lame.
People are very lazy,
most of them pretend their crazy.
People have lost their sight,
and, refuse to get it right.
People love living a lie.
mankind should see it before they die.
People.
