(the voice of the people is the voice of God)

There exists a documented conversation between men hanging on crosses after being given the death penalty. One of those men is still a major figure in the lives of people all over the world and yet there are now thousands of people on death row around the world. Go figure.

For far too long the media and other agencies have represented captives on death row from a narrow window, from the outside, and the results are often one-sided, misleading, and straight up false. Papco inspires the world to experience unedited conversations between the souls still hanging on the cross at the place of the skull- Golgotha.

The institutional "Instruction Manual for Legal Murder" has not changed. When the people are forced to focus on the person on the cross, by default the condition itself at the same time forces the people not to focus on the systematic overthrow of the underclass, a scheme to silence the people, hidden in plain sight.

Gone are the days of just executing old child molesters and the serial killer. There now exists a new type of political prisoner being held captive on death row, the "New Generation" of targeted inner city youth accused of committing "street level crimes," who are given death sentences in exchange for the political and capital advancement of corrupt law enforcement agents, attorneys, and judges.

The discussion at Golgotha continues;

XZ: First and foremost let me greet you brothaz as true solid, and comrades, heirs to the throne of our Kings, New Generation rising. Young Piankhi got this new wind project out, did ya'll see the firs Write or Die Zine?

Jab: Nawh.

A.D.: I ain't seen nothing, what's up with that website thing?

(Xzyzst explains Piankhi's papyruscollective@creativewriting-project.)

XZ: It's a few of them floating around here, I'll see to it that ya'll check it out. Right now we dropping Issue #2 strictly for the ladies, because as ya'll know we got a gang of females also on lock around this world, and how many females are on death row in California? And where in the hell are they?

Jab: Wouldn't they be in Chowchilla?

A.D.: Like Ad-Seg, huh? But I don't know how many of them is there.

XZ: Sh t. Shouldn't none of them be there, feel me?

A.D.: Now, now, what about ol' girl that rolled the windows up in her car and drowned her kids in a lake or some sh t?

Eddie: Oh, that's Susan Smith and I don't think the State she was in gave her the death penalty.

A.D.: It's all politics anyway.

Eddie: Hell yeah, it's people on the mainline with crazier crimes, man.

XZ: Real talk. Because they got females on lock for smokin' fools that put hands and feet on them. I mean, it's like...

Eddie: Yeah, they should never go to jail, that's my opinion.

Jab: Yeah, and that's what we are for because a muthaf. ka do something to mine, or my daughter I'm like she got every right to catch his ass asleep... or slippin'.

A.D.: They got sh_t like this so fu ed up because if you want to be a killa, come join the military. If you wanna sell dope, become a pharmacist. Wanna be a liar and deceiver, become a politician. A gambler, play the lottery. For everything they go after people for they got a so-called justifiable legal way to do it, if not, you'z a outlaw.

Jab: No shit, huh. (LOL) Outlaw... he said outlaw. (LOL).

A.D.: Sh_t, some of those law men back in the western days was outlaws and sh t before they got...

Jab: Them Tombstone fools. But you're right they only give the death penalty to females and us when we independent minded.

XZ: Let me go Tavis Smiley here on ya'll for a second. I'm glad you said that, speaking of independent minded. Get ready for this question, do you believe that in about 4 to 8 years Michelle Obama will run for president? Think about that realistically, a female U.S. President?

A.D.: Of course, they done already tried with Palin and Clinton, women want to show their dominance. Hell, I would rather see a female become president. Because she got that strong emotional side so she may be more qualified, to handle national and international affairs better than most of the hard headed stubborn old fools on some personal ego sh t, instead of having the nation's interest at heart.

Jab: Behind every strong man there's a strong woman, a better woman. I get like a nurturing maternal instinct from her, I can see her turning down a nomination because I saw an interview from 60 Minutes, I think, where she was like It's hard to sneak in a night out or intimacy with her husband without cameras and secret service agents and sh t. I think she's more of a "I'm going to have my man's back in whatever he wants to do. Now, don't get it twisted, with or without Obama, she was going to be the sh t. Her pop's and family already had community status, one brother is a college basketball coach.

A.D.: Didn't he work under her at first?

Jab: Pop's said education was a must, we not just going to accept racism and sh t. It's not that I can't see her as president... wait, let me finish. I just can't see her not saying "when you're done as president, you bring your a.s home?"

A.D.: Michelle can see them playing puppet master with her husband, she sees an opportunity to show family values, she understands if you don't work you don't eat and ya'll know those old types of sayings, but she on some, everybody can't work, some have disabilities and all kinds of circumstances and situations that prevent people from sh t, so she like the nation need to help each other more like a family.

Jab: Yeah, she has it in her, But from what I see in her, she's like our kids need to get active due to the rising alarming rates of diabetes in our kids, and she's right because when we was young, we went outside to play, I mean basketball, streetball, all kinds of sh t just in the hood, but now, we got computers, and kids sitting up playing computer games all day and not getting out and exercising is creating a great health risk for our future, you know what we saying the same thing, I agree with you but just for different reasons.

A.D.: She's up on their political deception, build, give, sacrifice she seeing the cut throat lifestyle, and that can be a turn off for her as well.

XZ: Are you saying she's on a higher moral standard? She can't speak out? Hell, I heard she was a better public speaker than Obama, and right now the republicans may need to go dig up Abe Lincoln because I can't seen nobody out debating potna right now, if they can't f.k with him, they ain't ready for her.

A.D.: She's smart enough to know that being the president is like being a representative, and she may not want to represent the hundred of years of foul sh t that this country was built on.

Jab: I agree with him about her not wanting no parts of it, she be trying to sneak out of interviews and T.V. shows and she like "ya'll muthafu...az can ask me about obesity and cancer and sh t, but don't ask me about no policies, ya'll ain't about to be playing me and my answers against my husbands," she's like that movie John Q when the wife of this military personnel had to straight check they asses about them trying to do-low her husband, that's Michelle right there, strong man strong woman, from what I see she's the anchor.

A.D.: And another thing, I think Michelle can see into the future because they got foolz taking pot shots at the white house, air force one all of a sudden got security issues, they not protecting them like they should.

XZ: And the secret service just let some mayor

A.D.: Governor of Arizona

Jab: What happened?

XZ: She got all up in Obama's face after he got off air force one, pointing her finger in his face like you nigger. She didn't say that, but ya'll know the business.

Jab: Oh yeah, yeah, now you see how he handled that? Cool as f k, they disrespected him on the house floor with that "Liar", he wanted to call him a nigger, but you already know he'd a been thruv!

XZ: Trying to force him off his square, huh?

A.D.: If that was a king of another country ole girl would've been tossed up... They would've took her racist a s down.

XZ: Did Michelle respond to that at all? Because I can see a sista like "Bi ch I'll cut cho a s you put yo hands on my man (LOL). Real talk, make that heffa touch everything in that Walmart parking lot. (everybody LOL;))

Jab: And you see that's what I mean, Malcolm, Betty, Martin, Corretta, it's females out there that I'm used, to, that's straight up holding down sh t because you got to give it the Clinton's for keeping Chelsea out of the media as a kid, unlike the Bush girls, so Michelle and the family got them girls stable, I mean, when they step off that plane not a barrette is out of place because that position comes with image as well.

A.D.: Them Bush girls, and a lot of others think since they were born with a silver spoon in they mouth they don't give a fu.%.

Jab: They all alchoholics, but that's that old money, I'm saying. See I tried to show ya'll with Michelle but ya'll ain't getting it, so now I'm going to half to get ghetto on ya'll. (LOL) Whitney Houston, they say it's Bobby's fault, she was about the church, and Arsenio tried to get her to sit on his lap but she was like "oh hell no you ain't about to play

me like that." Now we all know just being related to Dione Warwick, all at the airport with that sticky icky in her sh t, Whitney was already exposed to shit, but she at least had strong females around her to keep her grounded.

A.D.: That's Hollywood, Hollywood demonizes people.

XZ: What about Amy Winehouse, plus Whitney had Cece Houston back then as well.

Jab: That's a whole other story, I'm saying Michelle is more of a private maternal figure, A.D. is like saying the same thing but as if Michelle can somehow incorporate those family values into the country on a national level, and I don't see that, but who knows.

A.D.: I do.

XZ: So the bottom line here is we all can see Michelle Obama as president, but Michelle herself may decide not to fuck with it, I agree with you both, however I believe that somewhere in all of us, male and female, there is something intriguing, attractive and tempting at the offer to rule the world. Both of you remember me when you come into your Kingdom, I'm late for my group, and here comes Babylon.

A.D.: Man we don't need them, this was cool right here we having our own group.

XZ: (Yelling) Alright now Eddie.

Eddie: (In the distance) Alright now see ya next yard!

THE END
