

Dear Susie,

Very surprised to hear from you! Also very happy. No need to thank me for looking out for Billy, it is my pleasure. He is a good friend. These people in here were trying to kill him = maliciously! They are real evil folks. God has prevailed and he is back in population with us. The battle is not over but I will fight it with him shoulder to shoulder.

Take care of yourself and please feel free to contact me anytime.

Sincerely Yours,

Tim Muise
