

Dear ds8030:

So sorry about your father. Please know that I did not mean to upset any victims with Smitty's profile. The issue for me is about the failed commutation system and Smitty had sought my help. I help all who come to me. Humanity is best served with justice tempered with compassion.

Please read Robin Karsarjian's book, "Houses of Healing". I know it will help you grieve. Thank you for your valued input.

Respectfully,

Timothy J. Muise
