Where was Robert
when he was attacked
by Michele's chromosomes,
the attacking group was
51% stronger.

Oh my God,
the chromosomes are talking
while the The Village Boys are
singing "Macho, Macho Man".

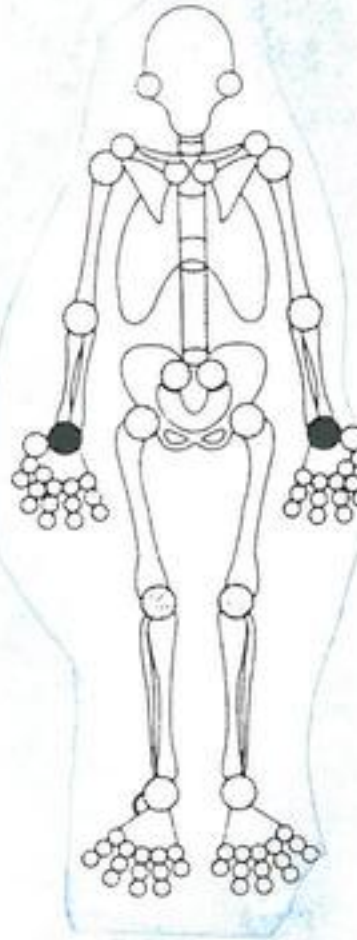

The Doctors at the hospital
can resolve the problems by
removing the thorn
from the flower.

Hypocrites are crying foul,
it costs money, take away
the human elements
from transgender person.
Son of God in a human Zoo.

The Subculture is mutating
from a UFO who landed and left
a DNA for human reproduction.

Oh my God, the sperm is
also talking, you reduce
my capacity to move and
don't even ask me for
permission.

The Supreme Court is ruling
controlling your conduct and
human behavior.
What is normal or abnormal,
the problem is in you or me.

The darkness and the
hypocrisy take over, money
talks while the heart is
saying let your conscience
do the walk, the only
sincere part of the
Anatomy is me.

The brain was saying,
I'm very independent from
the rest of you,
I can create confusion
and I will determine
where is the projected
truth.

The DNA has the final say,
I'm 1 chromosome away
from a monkey, and no
matter what you are doing,
I produce the finger-print
on your body, regardless if
you remove the thorn.

The question is very simple,
can the Anatomy speak to
the Neighborhood?...
