

Nicki.

First let me say sorry for not responding sooner but I just got your response 9/24/2012. Sometimes it just takes a long time for me to get comments then no tell'd how long for my responses to be sent back so I'm always requesting direct responses by mail. None the less I really appreciate your comments.

I wonder how popular BTB is in Australia because you're the 2nd person to comment on my blog from there. I've written comments to a "Sami" via the blog and asked tons of questions about the "bad" or "down under". I notice Australia has no shortage of those with a sense of humor because the both of you manage to crack me up with some of the comments and jokes sent .

I actually just read 50 Shades of Grey about 2 weeks ago and it was "allright". I just thought some things weren't really my style but overall it was a good read.

In reference to your comments on my post ~~thank you~~ thanking the readers, I want to say thank you for your words. I only write one person on a regular basis so I'm always asking them tons of questions about the world out there so I'm mainly hoping those

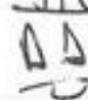

reading my blog leave comments to inform ~~me~~ me about life out there as well.

My time in here is not easy at all ~~but~~ but I try to reflect most of what I think and feel in my posts, in an effort to not only release myself of this madness but to receive genuine responses to it as well.

Thanks for taking the time to reach out to me and if possible I'd love it if you could send some photos of your ~~country~~ country and life through your eyes out there.

Take care, remain humble, and live life with the intent to only get stronger, wiser, and better.
